GREEN TOUR

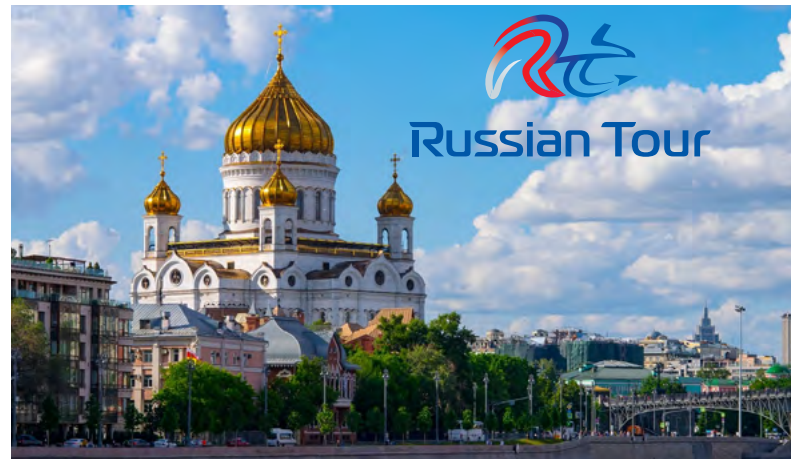

Confirmation of the fact of vaccination for all staff

Your way to keep safe with Russian Tour!

Green tour is the new programme allowing you to travel while being protected from the virus. We provide a 100% safe environment around you throughout the whole trip in Russia:

- Nonhazardous Attendants: all the personnel involved in direct contact with the programme guests (room service, cooking, cleaning etc. in the hotel, company drivers, guides, restaurants staff etc.) will have a valid COVID-2019 test result (3 days due) or positive COVID-2019 antibody test (3 months due). Confirmation of the fact of vaccination for all staff
- Contactless check in: arriving at the hotel, you will proceed directly to the room and only contact with your guide
- Virus-free-zone: rooms provided for the programme are not used for bookings outside the programme
- Room sanitation: special washing agents & procedures used for ensuring viral safety
- Secure meal: all the meals for the programme are cooked in a separate zone and served directly to the room.
- Safety utensils: masks & gloves provided for replacement every 2 hours.

The Green Tour programme is supervised by the CV-Pass Project. CV-Pass is a service for consolidated verification allowing users who have had COVID-19 to confirm the positive antibody test result. The testing results from accredited laboratories are provided accessible whenever they are requested for both the users and by the respecting institutions.
